GREENPOINT METALS INC.

GREENPOINT METALS, INC.
CHARGES LIST
Updated: February 2nd 2009

PROCESSING RATES:

CWT or lot processing charges will be quoted per order and is based on the coils meeting the customer specifications. We will attempt to quote taking into consideration known defects that are visible on receiving inspection, but we reserve the right to adjust pricing for unforeseen defects. It is extremely important to have complete specifications when quoting and when processing orders to avoid costly delays. We strive to provide you with the absolute best quality and material that is acceptable to your customer. If we must stop our slitter to call on an out of spec situation, an additional charge of \$10 per minute will be assessed to the order, billing would begin after a 5 minute grace period to see if we can quickly resolve the quality question.

For us to process your order and avoid additional charges we need the following information:

Minimum and maximum gauge tolerance

Slit width tolerance

ID requirement

Min/Max OD tolerance (or min/max coil weight)

Surface conditions (allowable defects) i.e. rust/stain permissible

Complete packaging specifications: skid weight, spacers, wrapped, CW or CCW packaging

If coils have known defects, i.e. linstop, weld; instructions on what to do when processing

There is a \$150/coil minimum or \$200/order minimum, whichever is greater.

RECEIVING PROCEDURE:

When material is received the following is checked and reported:

Finish	Coating Weight
Gauge	Rockwell
Width	General Condition
Coil weight	

301 Shotwell Drive
Franklin, Ohio 45005-4659
Phone: 937-743-4075
Fax: 937-743-4098

GREENPOINT METALS INC.

RESTOCK CHARGES:

1. Orders canceled after being setup on a schedule and material has been pulled.....\$50 per coil
(there is no charge to add coils to an order or to cancel an order that is not scheduled) This charge recognizes the cost of digging coils out of storage and returning them to storage.
2. Material that is restocked off the slitter will be charged at.....\$200/coil.
This charge recognizes the cost of pulling material from stock, loading on the slitter, setup, partial material run, coil rebanded and returned to stock. If 50% or more of the coil has been run, the CWT charge will be billed for the entire coil. There will not be a restock charge.

REPACKAGING CHARGES:

Repackaging of a coil/mult.....\$25/skid
(there is no charge for Greenpoint error in packaging)

RELEASING MATERIAL TO BE SHIPPED:

To insure that the correct material is being shipped, we require a written release specifying:

Greenpoint Tag numbers

Truck line or customer to whom material is to be released

Loading instructions – forklift rear, forklift side, space between cylinders, etc.

If material is being released for pickup to your customer, **WE DO NOT CHANGE OWNERSHIP OF THE MATERIAL.** Material stays in your inventory until it is Picked up and storage rates will be invoiced to the original owner of the material. We will only do an ownership transfer to another company if they have an active Account with us and we have in writing that they wish the material to be put into their Inventory. Applicable transfer charges will be applied.

STORAGE RATES:

Storage rates for coils/lifts weighing:

0-14,999 lbs.	\$3.50/ton
15,000 lbs. and up	\$2.00/ton

Storage rates will not be charged until a coil has been here 90 days, coils that are slit prior to the 90 days will not be assessed a storage charge. Once a coil has been here 90 days, storage will be charged starting with the date the coil was received and charged storage each month thereafter. Unloading, loading, and/or transfer charges will be billed when coils are transferred or shipped out. Any part of a month will be charged full month storage rates.

NOTE: Storage will be billed as follows:

Unloading – to recognize the cost of the receiving procedure and unloading material.

Loading – to recognize the cost of pulling material from stock and reloading.

Storage – to recognize the cost of storing material.

ADDITIONAL CHARGES:

Slit Material – Storage will be billed when material has been on the floor for 60 days. This will be billed on a monthly basis, storage only, no unload/load charges.

Transfer Charge – Any coil/lift transferred to another owner will incur a \$25 transfer charge in addition to normal storage charges as noted above. Monthly storage charges only, no unload/load charges.

Sample Charge – Sample requests will be charged at a rate of \$25/sample. This is to recognize the cost of digging the coil out of storage, cutting the sample and returning the coil to storage.

Other-When special services are required that are not covered by Greenpoint's normal rate charge, they will be quoted separately.
